

Diving Kit Hire

Whilst it's great to have your own kit, we understand that it's also expensive, and something you accumulate over time. If you need to borrow any club kit, you're always welcome to.

The table below outlines the kit we have available to borrow, along with the price of hire for one day. Pick up and drop off times can be organised with an exec member - as an idea, we commonly organise for pick-up one evening and drop-off the next evening. Before paying for any kit rental, please ensure you speak to a member of the exec, ideally the Kit Officer. If the kit is in use by the club for training, it will be unavailable for private hire.

If you need most or all of the items on the list, then we also have a Weekend Hire option. This is a flat rate of £20 and gives you the option to take everything labelled below as 'Essential' from Friday evening to Sunday evening/Monday morning.

[Weekend Hire](#)

Item	Cost (£)		Payment Link
BCD	2.50	Essential	
Regulator	3.50	Essential	
Cylinder	2.50	Essential	
Drysuit	10.00	Essential	
Fins	2.00	Essential	
Weights, including belt	2.00	Essential	
Computer	10.00	Essential	
Hood	1.00	Essential	
Gloves	1.00	Essential	
Mask	1.00	Essential	
Undersuit	5.00	Essential	
DSMB/SMB and reel	2.00		
Air Fill	2.50		

Please bear in mind that from these kit hire fees WUSAC is not making any money. All fees paid will go straight back to standard maintenance of the kit for your use. For this reason, and to keep us being able to hire kit out, please treat it with care. We understand that there may be breakages, even with normal use, and ask you to inform the Kit Officer if you encounter any issues.

Have Great Fun Diving and Stay Safe!
